

PhD FELLOWSHIPS / POSITIONS AT HEIDELBERG UNIVERSITY
LIFE SCIENCES

Institute / Organisation	Target Group	Deadline	Contact Person	Further Information
Biochemistry Center of Heidelberg University (BZH)	PhD Position in Research Group Hurt	asap	Prof. Dr. Ed C. Hurt	http://www.bzh.uni-heidelberg.de/
Biochemistry Center of Heidelberg University (BZH)	PhD Position in Research Group Ruiz de Almodóvar	asap	Dr. Carmen Ruiz de Almodóvar	http://www.bzh.uni-heidelberg.de/
Biochemistry Center of Heidelberg University (BZH)	PhD Position in Research Group Sinning	asap	Prof. Dr. Irmgard Sinning	http://www.bzh.uni-heidelberg.de/
Biochemistry Center of Heidelberg University (BZH)	PhD Position in Research Group Söllner	asap	Prof. Dr. Thomas Söllner	http://www.bzh.uni-heidelberg.de/
Hartmut Hoffmann-Berling International Graduate School (HBIGS)	PhD Position in "Protein quality control and cell adaptation to stress"	15.09.2018	Prof. Dr. Sebastian Schuck	http://www.hbigs.uni-heidelberg.de/index.html
Hartmut Hoffmann-Berling International Graduate School (HBIGS)	PhD Position in "Selective Autophagy of the Endoplasmic Reticulum"	15.09.2018	Prof. Dr. Sebastian Schuck	http://www.hbigs.uni-heidelberg.de/index.html

Institute / Organisation	Target Group	Deadline	Contact Person	Further Information
Hartmut Hoffmann-Berling International Graduate School (HBIGS)	PhD Position in "The role of human proteins in export of malaria proteins to the human host cell"	15.09.2018	PD. Dr. Jude Przyborski	http://www.hbigs.uni-heidelberg.de/index.html
Hartmut Hoffmann-Berling International Graduate School (HBIGS)	PhD Position in "Sinusoidal endothelial-specific mechanisms of melanoma metastasis"	15.09.2018	Prof. Dr. Sergij Goerd	http://www.hbigs.uni-heidelberg.de/index.html
Hartmut Hoffmann-Berling International Graduate School (HBIGS)	Two PhD Positions in "SUMOylation and Ubiquitylation in cell signaling"	15.09.2018	Prof. Dr. Frauke Melchior	http://www.hbigs.uni-heidelberg.de/index.html
Hartmut Hoffmann-Berling International Graduate School (HBIGS)	PhD Position in "Cooperation between microtubule polymerases and gamma-tubulin "	15.09.2018	Prof. Dr. Elmar Schiebel	http://www.hbigs.uni-heidelberg.de/index.html
Hartmut Hoffmann-Berling International Graduate School (HBIGS)	PhD Position in "Interphase nuclear pore complex biogenesis"	15.09.2018	Prof. Dr. Elmar Schiebel	http://www.hbigs.uni-heidelberg.de/index.html
Hartmut Hoffmann-Berling International Graduate School (HBIGS)	PhD Position in "Single-cell analysis of stem maintenance and differentiation"	15.09.2018	Prof. Dr. Michael Boutros	http://www.hbigs.uni-heidelberg.de/index.html
Hartmut Hoffmann-Berling International Graduate School (HBIGS)	PhD Position in "The role of Carnosinase 2 in Diabetic Nephropathy"	30.09.2018	PD. Dr. Verena Peters	http://www.hbigs.uni-heidelberg.de/index.html
Hartmut Hoffmann-Berling International Graduate School (HBIGS)	PhD Position in "Molecular mechanism of the circadian clock"	30.09.2018	Prof. Dr. Michael Brunner	http://www.hbigs.uni-heidelberg.de/index.html
Hartmut Hoffmann-Berling International Graduate School (HBIGS)	PhD Position in "Physiological relevance and biophysical properties of stress granule oscillations"	30.09.2018	Dr. Alessia Ruggieri	http://www.hbigs.uni-heidelberg.de/index.html

Institute / Organisation	Target Group	Deadline	Contact Person	Further Information
Hartmut Hoffmann-Berling International Graduate School (HBIGS)	PhD Position in “The function of the Rac1 regulator ELMO1 in the vasculature and in renal development under high glucose in zebrafish and in human diabetic nephropathy”	30.09.2018	Prof. Dr. Jens Kroll	http://www.hbigs.uni-heidelberg.de/index.html
Hartmut Hoffmann-Berling International Graduate School (HBIGS)	PhD Position in “The role of lipid hydroperoxide-induced ferroptosis in diabetic nephropathy”	30.09.2018	Prof. Dr. Markus Hecker	http://www.hbigs.uni-heidelberg.de/index.html
Hartmut Hoffmann-Berling International Graduate School (HBIGS)	PhD Position in “Transendothelial fatty acid transport”	31.10.2018	Prof. Dr. Joachim Füllekrug	http://www.hbigs.uni-heidelberg.de/index.html
Hartmut Hoffmann-Berling International Graduate School (HBIGS)	PhD Position in “Regulation of nutrient starvations responses by TOR in plants”	31.10.2018	Prof. Dr. Rüdiger Hell	http://www.hbigs.uni-heidelberg.de/index.html
Hartmut Hoffmann-Berling International Graduate School (HBIGS)	PhD Position in “Role of zyxin family members in hypertension-induced arterial remodelling”	31.08.2019	Prof. Dr. Markus Hecker	http://www.hbigs.uni-heidelberg.de/index.html
Helmholtz International Graduate School for Cancer Research in Heidelberg (DKFZ)	PhD Fellowships in Cancer Research	05.01.2019	n.a.	https://www.dkfz.de/en/index.html

NATURAL SCIENCES

Institute / Organisation	Target Group	Deadline	Contact Person	Further Information
Heidelberg Graduate School of Fundamental Physics	PhD Fellowships in “Static and dynamic properties in exchange frustrated magnets with competing ground states”	asap	Prof. Dr. Rüdiger Klingeler	http://www.fundamental-physics.uni-hd.de/index.php?m=10&s=1
Heidelberg Graduate School of Fundamental Physics	PhD Fellowships in “Experiments on dynamical gauge fields with ultracold atoms”	asap	Prof. Dr. Fred Jendrzejewski	http://www.fundamental-physics.uni-hd.de/index.php?m=10&s=1
Heidelberg Graduate School of Fundamental Physics	PhD Fellowships in “Theory of entanglement in ultracold many-body systems”	asap	Dr. Philipp Hauke / Prof. Markus Oberthaler	http://www.fundamental-physics.uni-hd.de/index.php?m=10&s=1
